EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

This application is in condition for allowance except for the presence of claims 1-6 and 8-43 non-elected without traverse. Accordingly, claims 1-6 and 8-43 have been cancelled.

The TITLE has been replaced by informal examiner's amendment with the following:

Antibody to SNIP1

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The rejection is withdrawn in view of Applicant's arguments. Liang et al. (cited by Applicant, Arch. Biochem. Biophys., 1996) particularly points out that antibodies to peptides often recognize the C-terminal-free carboxyl group of the peptide. Because the prior art antibody of Brenner et al. (see previous Office action) binds to a 12 amino acid peptide to which the protein of SEQ ID NO:3 and 5 of the instant application shares identity with only the first 8 N-terminal amino acids (not the carboxy terminus) and in view of the conformational unpredictability discussed in Applicant's arguments, one of ordinary skill in the art would not have reasonably expected that the antibody of Brenner anticipates or makes obvious the claimed antibody.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Claire M. Kaufman, whose telephone number is (571) 272-0873. Dr. Kaufman can generally be reached Monday, Tuesday and Thursday from 8:30AM to 2:30PM.
